

AN ENGLISH FIRE BASKET IN THE EARLY 18TH CENTURY MANNER

An English fire basket in the early 18th century manner. The basket is made from an early experimental 'rust-proof' steel, an antique prelude to stainless steel. The fire front with carefully constructed fire bars with central vertical column supported by column legs on ball feet. A swept shaped solid fret sits below.

Restored.

Circa Early twentieth century

Height of burning area: 9 1/4"

Width at rear: 20"

SKU: OV25270 | **Category:** [Antique Fire Grates](#) |
